

Dreamweaver Masterclass - 4 days Beginner course

Adobe Dreamweaver Web Building Masterclass provides novices with the knowledge and hands-on practice they need to build and manage a website. This four-day course puts focus on the building blocks of web creation and covers each and every area required to successfully build and manage your own website. This course is designed for individuals wishing to learn Dreamweaver from the ground-up when wishing to create standards-based websites.

Our pledge

This course is guaranteed to be delivered by an Adobe Certified Instructor from Certitec - our pledge of excellence.

Overview

This course is for people new to web design and development, and who want to use Dreamweaver to build intuitive, attractive and accessible websites.
