

Animate Intermediate + Adobe Certified - 3 days Medium course

For those that have attended the introduction course, this is a great next step for you. Learn the more advanced features like masking, tweening and video before looking to become Adobe Certified. Using the skills learned in the Introduction class (or from experience), students will create complex documents and work with a variety of panels and tools to further understand the capabilities of this high-end animation application. On the last day, you will take the Adobe Certified Associate (ACA) entry level certification exam.

Our pledge

This course is guaranteed to be delivered by an Adobe Certified Instructor from Certitec - our pledge of excellence.

Overview

Imagine how understanding how to use Animate's advanced features will revolutionise the way you work. This class provides the Animate user the ability to hone their skills and move their knowledge of Adobe Animate to an advanced level and become Adobe Certified.

Who is this course for?

This class provides the Animate user the ability to hone their skills and move their knowledge of Adobe Animate to an advanced level, in order to further understand the capabilities of this high-end animations application.
