

Premiere Pro Advanced + Adobe Certified - 3 days Medium course

For those looking to become Adobe Certified after completing the Intro course, this is for you. Learn all of the advanced features and take that ultimate step in becoming Adobe Certified. Adobe Premiere Pro software offers breakthrough performance for video production, enabling you to work dramatically faster. Work natively with the video formats you want and accelerate production from scriptwriting to editing, encoding, and final delivery.

Our pledge

This course is guaranteed to be delivered by an Adobe Certified Instructor from Certitec - our pledge of excellence.

Overview

Adobe Premiere Pro is a powerful program for editing digital video. Premiere lets you create videos, perform colour correction and work with audio. Students attending this course will learn the advanced features of non-linear editing.

Who is this course for?

Students who already possess the basics of Adobe Premiere Pro and wish to become more productive. This Advanced course is for professionals who need an extensive understanding of motion graphics editing. Users will also benefit from the many tips and tricks and special lab exercises.
