

## Dreamweaver Intermediate - 2 days

### Medium course

As a step up from the Introduction course, this course covers the more specialist areas of Dreamweaver. You'll design pages with CSS, focus on responsive design with break-points for various screens, creating web forms and jQuery.

#### Our pledge

This course is guaranteed to be delivered by an Adobe Certified Instructor from Certitec - our pledge of excellence.

#### Overview

Our Adobe Certified Instructor-led class will show you how Adobe Dreamweaver can be made simple. This course provides web designers with the knowledge and hands-on practice they need to enhance their knowledge using Adobe Dreamweaver.

#### Who is this course for?

This course is for existing users of Dreamweaver wanting to move-up to the next level of enhanced CSS, responsive design and jQuery.

#### What you will learn

In this course, you will examine more complex parts of Dreamweaver with a focus on best practices and design. You will learn:

- Designing layouts with CSS
- Responsive design
- Using libraries
- Creating web forms
- Javascript (jQuery) behaviours
- Enhanced interactivity
- Testing, maintenance and uploading your site
- Enhanced CSS
