

Lightroom Advanced - 1 day Medium course

As a natural step up from the Essentials course, the Advanced training gives you the skills to edit your imagery, use the book, web, print and slideshow modules and all other advanced features such as cataloguing within Lightroom. Create images that inspire, inform, and delight. This Adobe Lightroom Advanced course will provide existing users all the advanced skills needed by photographers to push the boundaries in understanding the more complex areas of the software and look deeper into workflow considerations. We also recommend this course if you wish to progress to the Adobe Certified Lightroom Expert (ACE) exam.

Our pledge

This course is guaranteed to be delivered by an Adobe Certified Instructor from Certitec - our pledge of excellence.

Overview

You already know the basics of Adobe Lightroom but now need to understand cataloguing and workflow elements to expand your knowledge further.

Who is this course for?

Our Lightroom Advanced course is ideally suited for existing users of Lightroom wishing to gain a more solid understanding of the Lightroom workflow and deeper considerations in image editing and cataloguing.
