

Masterclass Web Masterclass - 5 days Beginner course

Adobe Dreamweaver Web Building Masterclass + Adobe Certified provides novices with the knowledge and hands-on practice they need to build and manage a website. This five-day course puts focus on the building blocks of web creation and covers each and every area required to successfully build and manage your own website. On the last day you will take the Adobe Certified Associate (ACA) entry level certification exam. This course is designed for individuals wishing to learn Dreamweaver and also gain a professional entry level certification from Adobe.

Our pledge

This course is guaranteed to be delivered by an Adobe Certified Instructor from Certitec - our pledge of excellence.
